Thomas  
Jefferson  
University

College  
of Health  
Professions

The Friday/Saturday healthcare conference provides evidence-based updates on cancer therapies from the perspective of Integrative Medicine, including:

- Full afternoon on controversial issues in breast cancer: Hormone replacement therapy, soy, phytoestrogens & nutrition
- Immunology & cancer, the European perspective: Finn Andersen, MD
- Angiogenesis & copper: Experience at the University of Michigan
- Clinical research in diet and nutritional therapy
